Summary

My pursuit in research began in 1992, with my PhD program wherein I worked on a project entitled "Nutritional status of women in Cashew industry" at Kerala University. I took up a similar work with external funding (Kerala Women's Commission) on the 'Health and nutritional status of Software professionals'. The report was published as a book by Lambert Publishers, Germany. My adherence to Agricultural University changed my focus from Community Nutrition to Nutritional analysis and value addition of under exploited fruits and vegetables. The quality analyses of organic fruits and vegetables were attempted from 2010-12. My interest in promoting jackfruit as a food to suit urban taste and convenience, made me work on standardising jack fruit based products with consumer acceptance and appreciable shelf life. The 'Ready to cook curry mixes' from raw jackfruit standardised in this context has now become a deliverable technology approved for 'technology transfer' by KAU to entrepreneurs. KVK Kollam took up this product to the field as their OFT project, and this product is being processed and sold by a few entrepreneurs at Kollam district. The by-product utilisation like jack fruit rind, core, perigones, banana peel are the current focus of my research.

Research Highlights

- Mentored Research projects on value addition of jackfruit-therein standardised-Ready to cook Jackfruit based product(2014), Extruded products from bulb and seed(2015), baked products(2016), Extruded products from rind(2018), Textured vegetable product(2018), Intermediate processed pulp(2017), Oligo saccharide free flour(2018), Low glycemic index flour(2021), Fermented products from bi products of jack fruit(2022), Jack fruit skin based beverages(2017)
-

Experience

Joined Kerala Agricultural University as Assistant Professor in the year 1997
Previously worked as Training Asst in KVK, Mithranikethan (1990-1992 & 1996-1997)

Education

- Graduated from Kerala University in Home Science-1987,with first rank
 - MSc from Kerala University in Home Science Extension -1989with first rank
 - PhD from Kerala University in Home Science Extension -2000 as UGC fellow
 - Procured an additional MSc degree in Food Service management and Dietetics from Indira Gandhi National Open University (2011)
-

Area of Specialization

Value addition of Jackfruit-4 PhDs, 5 MScs and 3 External funded projects were focussed in this theme

Awards & Recognitions

- *Kerala University topper in BSc and MSc(1987 &1989),*
- *Best Outgoing student of the Department from Government College for Women,in the year 1988-89*
- *UGC fellow for PhD-1992-1995-Kerala University*
- *Obtained gold medal from Kerala University for PhD,*
- *Honoured by Swadeshi Science Congress for PhD work(2000),*
- *Best Senior faculty Award-2022,of DK International Research foundation –In the Global Achievement award ceremony –December’2022.*

Recognition as mentor

- *Archer’s and Elevator’s Fifth year doctoral research award was conferred to her PhD student, Anila,H.L in 2019*
- *Best oral presentation bagged by Dr.Meera D.K, her PhD student,in the International Conference on ‘Clinical nutrition and dietary lifestyle’(Assessment of lifestyle and Dietary habits of nurses working in South India),in May’22*
- *PKR Nair prize from Kerala Agricultural University, for outstanding post graduate research work (thesis) was awarded to her PhD student, Bensi.P.S in 2023*

Research Projects

Ongoing

Profiling of health and nutrient components in jackfruit and development of a value added extruded product	2021-24	Kerala State Council for Science Technology & Environment
Scaling up of processing technologies in Jackfruit standardized at KAU	2020-24	State plan fund

Research Projects Completed

Sl.no	Name of Project	Year	Funding Agency
	Health problems of women in IT sector	2009-10	Kerala Women's Commission
	Supervisor's training programme on value addition ethnic fruit crops of Kerala through a composite skill development training programme	2010-11	State Horticulture Mission
	Popularisation of low cost technologies for value addition of ethnic fruit crops of Kerala	2011-12	Kerala State Council for Science Technology & Environment
	Sponsored training on processing of Novel pickles and chutneys for the learning disabled	2013-14	Centre for Disability studies
	Sponsored training on processing of Novel pickles and chutneys & Fruit based beverages for the learning disabled	2015-16	Centre for Disability studies
	Standardisation of Novel products from jackfruit and its bi products	2015-16	Plan fund
	Sponsored training on Fruit and vegetable preservation for mentally challenged	2016-17	Centre for Disability studies
	Standardisation of health drink mix based on outer skin of jackfruit	2017-18	Plan fund
	Development and quality analysis of beverages fortified with Botanicals	2020-22	Plan fund
	Micro nutrient security through nutrition gardens in Anganwadis	2021-22	Department of Women and Child Development
