2. 'KAU sale price' is applicable for direct sales from all KAU stations. The stations should only sell the products with **KAU sale price label** at their sales counters, not at **MRP**.
3. The existing handling charge exemption is applicable only between KAU stations.
4. While selling the products to **outside agencies for resale** at KAU selling price, **the MRP label** may be pasted on the packet which helps them to resell at MRP. This arrangement is made to compensate the handling charges.
