Sub: Expression of Interest for TOC Analyser-LAST DT-1-6-2015

We are planning to buy a TOC analyser capable of analyzing organic carbon (with detection limit at least 10 micro gram/500 mg sample or better) in soil/organic matter (in solid state) matrix, preferably, directly from the manufacturers, following store purchase rules of Government of Kerala.

Please provide us technical details, brochure and specifications if any for a total organic carbon analyser (solid particle, soil, organic manures etc) of indigenous and imported equipments that you deal with. Please provide us approximate price also. Payment is preferred in Indian Rupee (though it is negotiable).

Send your expression of interest detailing specifications befitting your model as per above basic requirement, for "finalizing a notice of tender (with pre-bid negotiation) to be published in the 4th week of May 2015, in which specification of an equipment to our requirement and satisfaction in a win-win situation can be derived, **"on or before 1-6-2015 by email or by sending hard copy or by personal briefing in this office on 1-6-2015 10.00am onwards"**.

With regards.
